EXPERIENCE

Robot Programmer **Milwaukee, WI**
Aalbert's Surface Technologies **2005-2014, 2018-present**

- Duties include programming 6 axis ABB robots for plasma and HVOF thermal spray coatings including start-up, synchronization, editing of programs and creating reusable programming data libraries.
- Responsible for the operations of automated equipment and training of new employees.
- Communicate with team and clients in order to define program needs and requirements.

IPM Sales and Service Technician **Menomonee Falls, WI**
Copesan **2014-2018**

- Networked to build a client base and promote our products to new and existing clients.
- Had yearly sales goals which I met and exceeded each year.
- Earned sales awards and recognized at Copesan events as one of the top salespeople.
- Cultivated professional client relationships by asking questions, identifying needs, and providing insightful information.
